Population Density in 1990

Because of the coarseness of the population surface,
the HDI indicator variables were not overlaid on this map.
The graphs below illustrate the relationship
between the variable and the population density.

Density (hab/km2)

- 0 to 25
- 25 to 50
- 50 to 75
- 75 to 100
- 100 to 150
- more than 150
