Plastic input from municipal solid waste and wastewater

National wastewater treatment indicator*

- 80 to 100
- 60 to 80
- 40 to 60
- 20 to 40
- 10 to 20
- 1 to 10
- Less than 1
- No data

*Tracks percentage of wastewater from households and industry treated before release back into the environment.

Plastic marine debris**

Million tonnes, 2010

3,5
1
0,5
0,05

Lower estimate (15% of plastic mismanaged)

Higher estimate (40% of plastic mismanaged)

** From mismanaged municipal solid waste

Note: only countries with more than 50 000 tonnes of mismanaged plastic waste are shown
